

Conflict Minerals Policy Statement

Kuumic Oy supports the ending of violence and human rights violations in the mining of minerals from the area known as the "Conflict Region" in the east of the Democratic Republic of Congo (DRC) and surrounding countries.

Kuumic Oy requires that suppliers whose products contain tin, tantalum, gold and tungsten submit this information to Kuumic Oy using the standardized EICC/GeSI Conflict Minerals Reporting Template that traces the metals back through the supply chain.

Kuumic Oy will not purchase products that contain conflict minerals that directly or indirectly benefit or finance armed groups in the DRC or neighbour countries.

Kuumic Oy expects its suppliers to these aspects of its business to only source minerals from responsible sources.
